REACH Compliance

Goodfellow is aware of its legal obligations under the European Reach Regulation 1907/2006 dated 1st June 2007, including the timelines for both pre-registration and registration. We are committed to meeting all of our legal obligations under this legislation.

Goodfellow's key objective under our commitment to REACH is to comply with the legal obligations for pre-registration according to Title III, Chapter 3 of the REACH Regulation and to pre-register all substances that are supplied and which fall under the registration obligation of the REACH Regulation.

It should be noted that Goodfellow, along with many other companies, is not in a position to fully assess the impact of REACH on its range of products and, therefore, we reserve the right to make changes to the products currently offered. However, in the unlikely event of a change being necessary, we will take all feasible steps to ensure that suitable replacement(s) are identified.

The impact of the REACH Regulation on all manufacturers, importers and downstream users within the European Union will be significant. We are in communication with our suppliers to gather the necessary information to ensure compliance of the appropriate products, but if you have any questions in the meantime, please do not hesitate to contact us at reach@goodfellow.com.
